

Excelsior is committed to the safety and health of the youth and families we serve, our staff, and the community.

COVID-19

As coronavirus (COVID-19) continues to spread, Excelsior has decided to implement the recommendation for social distancing for the safety of our staff, as well as our partners and the communities we serve.

Services to our community will continue via telemedicine. We will create opportunities to access needed technology in service participants homes and/or through telehealth rooms at our main center. We will create opportunities to assess and access needed technology within service participants homes as needed.

OUR PLAN

- 1** All non-operational staff will be working from home.
- 2** All community meetings hosted by Excelsior will be remote, cancelled or rescheduled.
- 3** Excelsior staff will cease in-person visits to service participants at partner organizations except when delivering resources.
- 4** Excelsior staff will participate remotely for externally hosted meetings when available.
- 5** Providing alternative job functions for hourly employees to work with our partners in anticipation for a significant reduction in volunteers.
