

2021-2022 School Year

To Parent/Guardian of Excelsior Student

Excelsior Medical Services would like to welcome you to Excelsior Holistic Schools. Our medical staff stand ready to help keep your child healthy and able to fully benefit from their education experience.

Please be aware that all students in Excelsior Holistic Schools are required by state law to be fully vaccinated **prior to the first day of attendance** (RCW 28A.210.080). If the student's immunization record is not complete within 30 days of the first day of attendance, the student will be excluded from school. If your child is exempt from vaccinations, please ensure that we receive this.

For a list of immunizations and number of vaccine doses required by law (except for exempt children), please see the Certificate of Immunizations. In Washington, all children 18 years old or younger may get vaccines at low or no cost from their health care provider. Spokane Regional Health District will be hosting vaccination clinics throughout the community this year.

If you have any questions about our vaccination policies, please contact Medical Services at 509-559-3100.

We hope you have a great year at Excelsior!

Executive Director of Education

Your Future Begins Here.
