

January 19th, 2022

Dear Excelsior Parents & Guardians,

Excelsior Holistic Schools has learned of a student and two staff who have tested positive for COVID-19. We are following all safety precautions and requirements outlined by the Department of Health and the Spokane Regional Health District (SRHD).

When there is a confirmed positive COVID-19 case, our contact tracing team immediately conducts an investigation to compile a list of close contacts. Any individual considered to have been in close contact, received a separate communication with additional information regarding testing and quarantine requirements. Staff and students that are not notified by the contact tracing team, have been determined not to have had close contact with the confirmed case.

As a result of these confirmed cases, we will be moving our high school and middle school class only to REMOTE learning through January 19th. High school and middle school students will return to class Thursday, January 20th. Students will be delivered work packets, laptops, remote counseling, etc, as needed.

If your child exhibits symptoms, please have them tested as soon as possible.

Sincerely,

Aaron Chavez, Superintendent/Principal
Excelsior Holistic Schools
